

HOUSE SPENDS DAY ON GRAND TRUNK BILL

Discussion Both on the Second
Reading and on Committee
Is Protracted

FIRST DIVISION Year and Nays Taken on Point of Order—National Progress Ives Spoke

THE DAY IN PARLIAMENT.
House of Commons.
Bill to amend the soldiers' settlement act introduced.
Bill to amend the soldiers' settlement act introduced.
Bill to amend the soldiers' settlement act introduced.

The Senate.
Committee to consider installing
cable in parliament building appointed.
Bill to amend the soldiers' settlement act introduced.

OTTAWA, April 16.—(Canadian Press)—The matter of a further general cash gratuity to returned soldiers will not be re-opened by the parliamentary committee on pensions, but the committee is prepared to deal with all suggestions on the subject of re-establishment.

The committee has issued the following statement on the subject, following today's sitting:
"The committee on pensions and re-establishment in dealing with methods of procedure during the inquiry before them and in view of the exhaustive investigation made last session into the question made last year and repeated subsequently to the appointment of the committee, have decided against re-opening the matter of a general grant, but they are willing and anxious to consider any suggestions leading to the re-establishment of returned men, even though these may involve in specific cases the payment of money under certain circumstances."

Treatment of Employees.
Hon. W. A. Mackenzie King brought up the way in which the employees of the railway were treated following the strike. Mr. King was minister of labor in the Laurier cabinet at conciliation and promises given by the company were broken. He wanted to see that the law was made absolutely certain before the employees were to be treated.

Huling Upbill.
In the subsequent division Mr. King moved that the bill be passed. The bill was passed by a majority of 42. Government members all voted for it. Opposition members all voted against it.

**IRISHMEN WILL
HOLD CONVENTION
IN EASTERN CITY**

Organizations of Canadian Irishmen
Will Be Annihilated
Under Common Name

WINNIPEG, April 16.—Canadian Irishmen are making plans to hold a convention in the city of Winnipeg, Ontario, on May 1st. The convention will be held at the Hotel Victoria. The convention will be held at the Hotel Victoria.

Silos and Sunflowers Multiply Farm Profits

Silos and sunflowers promise to revolutionize farming methods in Western Canada. That silos on the farm practically double the stock carrying capacity of the land is a fact well proved by the experience of thousands of farmers in all parts of the American continent; while practical experiments in the growing of sunflowers made on farms and experimental stations in various parts of Western Canada show that twice as large a yield per acre can be obtained with sunflowers as with corn or any other ensilage. So very satisfactory were the results obtained last season in widely separated parts of Alberta, Saskatchewan and Manitoba, both in growing sunflowers and using them for cattle, that it is safe to say that a considerable area will be planted to this crop in 1920.

Perhaps the best crop of sunflowers in Western Canada was that harvested on the Demonstration Farm of the Canadian Pacific Railway at Strathmore, Alberta. From about eight acres of land an average yield of 34.5 tons to the acre was obtained. The land on which it was grown was irrigated. Generally speaking, twenty-five to thirty tons of sunflowers to the acre can safely be looked for on irrigated land in Southern Alberta.

Sunflowers were also grown with great success on land in districts where irrigation is not necessary. At Olds, a yield of thirty tons to the acre was obtained by one farmer. At Castor fourteen tons to the acre was gathered and at Dayland Thomas Noble harvested fifteen tons to the acre. All these places are in Central Alberta and the yields were obtained in a season that was unusually dry. Given a season with an average rainfall the yields would have been enormous. Mr. Noble feeds sunflowers a good silage crop and feeds his cattle with them in July and August, besides filling the silos.

Fields similar to those obtained in Central Alberta were harvested in the various parts of Saskatchewan and Manitoba, where sunflowers were grown, and it seems to have been sufficiently proved that they will grow and give enormous yields almost anywhere in Canada. Feeding tests show sunflowers to be a favorable light as the harvested yields. Professor D. H. Hutten, president of the Canadian Pacific Railway, has shown that the feeding value of sunflowers ensilage is superior to that of corn or any other ensilage harvested during the past winter. Forty Holstein cows on the coupe farm at Strathmore, Alberta, were successfully fattened on corn, peas and oats, and sunflower silage for periods of two weeks, each cow being given thirty pounds of silage daily. Only

Cutting the Sunflowers.

the last seven days of each period were counted in the test. The results show that during the period of sunflower feeding the cows gave more milk, the milk contained a slightly higher percentage of butter fat, and the animals gained more weight than during the periods with the other food.

Tests that are being conducted at the Manitoba Agricultural College, while not quite completed, show similar results to those obtained at Strathmore. At the College six cows are being used in the test, which is being made over several periods of three weeks each, with different rations. During the three weeks they were given sunflowers, these six cows gave 407 pounds more milk than during the previous three weeks when they were fed corn silage. They also showed a slight increase in weight.

Professor G. H. Cutler, head of the Department of Poultry Husbandry of the University of Alberta, has devoted much time to the study of the sunflower as a silage crop for the Canadian prairie. "The mammoth Russian is the variety that gives the most satisfaction," says Professor Cutler. "This is a single stalk variety having huge heads from twelve to fifteen inches in diameter under conditions even in the driest parts of the country this crop can be expected to yield from twenty to thirty tons of very good forage, per acre."

It is contended that the sunflower is destined to become an important crop in the Canadian West. With a yield of double, and a feeding value of at least equal to that of any other fodder crop, it will enable double the

number of live stock to be supported on the same land, and with the use of silos this number can be further multiplied. With this crop generally grown, the dairy industry will receive further impetus. And since it is claimed that equally satisfactory results are obtainable with sunflowers in the feeding of beef cattle sheep and hogs, the growing of this crop will enable mixed farming to be carried on more successfully than ever, insuring still greater prosperity, not only among the farming community but to the country generally.

Canada

Energetic Steps To Be Taken To Compel Germany To Carry Out Clauses Of Peace Treaty

Disarmament and Demobilization, Are Not Carried Out—London Journals Endorse Steps to Be Taken by Allies.

Paris, April 16.—The representatives in Berlin of France, Great Britain, Italy and Belgium, will join in a warning to Germany that she must execute without delay the disarmament and demobilization clauses of the peace treaty, according to present plans.

It is understood that the charge d'affaires will also say to the

Agreement among the allies for the execution of the Versailles treaty was reported in despatches from Paris on Thursday. The dis-
armament clauses of the treaty were particularly mentioned in the

connection and a proposal to cut off food supplies from Germany was forecast in the event of a refusal on her part to meet the provisions of these clauses.

London, April 16.—The London evening newspapers today feature prominently the semi-official statement from Paris that the

In official quarters here it is said that the final decision regarding the mission will be taken at San Diego, Great Britain.

ing the situation will be taken at San Remo. Great Britain will strongly advocate the speedy enforcement of disarmament clauses of the treaty, it is declared, although she intends to abide by the decision of the conference and does not contemplate individual action.

The average cost of thirty cents were displayed.—Camrose, April 16th.

MONITOR

Built-in News Service

The Church Council and supper, given by the Ladies Aid, for the benefit of the building fund of the new Methodist Church was

A complete success. Their supper are so well known, that it would be useless to deal with it in detail. There were one or two items on the program, however, that demand special attention. The male and mixed quartette, who made their initial bow to the public on this auspicious occasion in the whole district who is more entitled to a holiday than Mr. Wickenden and though we are sorry, to lose him for a time, yet it is happy to think that he will be recuperating from the great strain he has been experiencing during the past two years. Mr. Wickenden takes with him the hearty well wishes of the whole dis-

season training program themselves to be worth attention, and reflected the greatest credit on their instructor, Mr. H. A. Warner. The pianoforte duct by Miss Carroll and Mr. Galbraith was also a splendid number. Mr. Warner's interpretation of the song "Taora" was everything that could be desired, and the whole program was well

The recently formed board of trade are certainly justifying its existence. They have taken the matter of the location of a doctor here in hand, and at present write no less than 75 replies are under discussion. Arrangements have been made by them for the annual sports day to be held

vere on July first an many other important matters are being gone into with a thoroughness that is exhilarating after the apathy of the past few years on the part of the business men in regard to the welfare of their district.

In spite of all prophecies to the contrary, there is still hope of success in Monitor Alley.

farm closer to town, and how the population is wondering what the hours at the office will be, since they change on the average of once every day.—Monitor, April 14th.

HOME TREATMENT

FOR WEAK PEOPLE

Who Have Been Helped Strongly Recommend Dr. Williams' Pink Pills

Woman. I can cheerfully recommend Dr. Williams' Pink Pills to similar sufferers."

ALWAYS FELT TIRED

Many causes may contribute to the condition of thin blood known as

nuemia. Care of the home, overwork, lack of outdoor exercise, insufficient rest and sleep, improper diet are a few of them. The important thing is to restore the blood, to build it up so that the color will return to the cheeks and lips, brighten the eyes and lighten the skin. I say appetite was increased, and I gained in weight. I shall always speak a good word for Dr. Williams' Pink Pills."

AFTER INFLUENZA

Following a widespread epidemic

step to the "assault" on the system. To do this nothing else can equal Dr. Williams' Pink Pills. They begin at once to increase the red corpuscles in the blood, and this new blood carries strength and health to every part of the body. The appetite improves, digestion becomes per-

Proof of this is given in the statement of Mrs. Alex. Archambault, Cornwall, Ont., who says:—"Two years ago my health began to fail. I was suffering from headaches, pains in the back and sides, and a constant tired out feeling. I had used a lot of languor, weak, aching back, wakefulness at night, often distressing headaches and a feeling of fatigue. These symptoms indicate impure and impoverished blood. It is significant of nearly every attack of influenza, that it is followed by anaemia and debility. Among those who have

medicine, but instead of it helping me, I seemed to be growing weaker. My friends urged me to try Dr. Williams' Pink Pills, and while I felt disheartened at my experience with other medicines, I decided to do so. To my great joy I soon found the pills were a relief, and their continued

was weak, and I had lost my appetite. I had been ill for a time, fully restored my health. I feel that I would be ungrateful if I did not give my experience with Dr. Williams' Pink Pills, in the hope that it may point the way to health to some other poor sufferer."

RHEUMATIC PAINS
There is only one way to cure rheumatism, and that is through the blood. Liniments, hot applications and rubbing may give temporary ease, but cannot possibly root the trouble out of the system. That can only be done by the rich, red blood

which Dr. Williams' Pink Pills make. This new blood drives out the poisonous acids and impurities, and the rheumatism disappears. If you are a sufferer from this painful malady, try Dr. Williams' Pink Pills, and see how soon the pains and stiffness of joints (arthritis) disappear. This new blood is to build up the weak, and to do this one thing and they do it well. They are an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after effects of the grip, and fevers. The pills are guaranteed to be free from opiates or any harmful drug.

the joints have away feeling old and cannot injure the most delicate system.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

The Super-Eminent British Actor

TYRONE POWER

in The Master Photo Drama of the Century

"Where Are My Children"

From Calgary Herald---

**Every Woman and Girl Should See
Film at Liberty**

"Where Are My Children" Presents Great Problem of the Age
(By Miss Reproter)

Large crowds witnessed the first presentation of "Where Are My Children," featuring Tyrone Power and Mary McLaren, and only the highest commendation was to be heard of the picture. The film is not only one perfect in detail and finish, but it handles a difficult subject with the greatest dignity and impressiveness. The lack of seriousness with which the rearing of children has come to be regarded by the wealthy, fashionable woman, and also the rights which the state extends to the unfit to rear families, has long been recognized as one of the problems of the race outside question to the civilized world today, and this picture carries more than one lesson for the light-minded woman and the thoughtless, ignorant girl, while to the men the moral is equally strong.

While the film "Damaged Goods" placed before the public the phases of one of the

greatest, if not the greatest, menace of the day, the film "Where Are My Children" brings to attention a danger which, like the other, through ignorance is equally fatal, although its punishment naturally falls on the sufferer alone. The danger which lurks in the path of the individual who trifles with the powers of life is plainly set forth without treating the matter in a flippant or too highly dramatic manner.

It is one film which every woman and girl should see. Alberta is the first province in Canada to permit it to be shown, and the picture justifies the action of the censor. The most fastidious on the question of life can find no fault, and the law provides that it must be shown only to segregated audiences, while boys or girls of tender age must be accompanied by parents or guardians.

PRONOUNCED---

"The most amazing--
The most impressive-- The
most dignified. Yet the
most sensational production
of its character in the
history of moving pictures.

"Where Are My Children?"

**Millions of People--Press, Jurists and Clergy
Applaud This Extraordinary Picture**

"The most powerful weapon with which Humanity may crush insidious crime." Read what the Rev. Dr. Parkhurst said:

"Where Are My Children" is a very powerful and gripping picture drama. I am glad to have witnessed it and am prompt to commend it--it deals with a most difficult matter in a manner of utmost dignity. If the special type of iniquity which it suggests is anywhere near as prevalent as is claimed, the public should have the opportunity to witness the presentation."

(Signed) C. H. Parkhurst.

TELEGRAM

Hon. Woodrow Wilson,
President of the United States.
Washington, D.C.

May I hope that you will see and approve the motion picture "Where Are My Children?" A great and proper argument for the good of humanity. I have seen it twice.

(Signed) JOHN J. HUGHES, C.A.P.
Superior General
American Paillier Fathers.

COPT

Washington, D.C. Apr. 25, 1916.
Universal Film Mfg. Co.

Your picture "Where Are My Children" is a modern Bible and should be seen by every soul in the world over sixteen years of age.

It is great for truth and proper knowledge.

WILLIAM J. STONE,
United States Senator.

"ZIT" Says in the
New York Journal

"It will make women think and think hard. It will
make them look before they leap"

NOTE!

At first the management of the Regent Theatre hesitated in contracting for this subject, and feared that before signing for same that the Universal Film Mfg. Co. would allow a private screening. THEY AGREED. WE ARE HAPPY TO BE THE THEATRE TO FIRST OFFER THIS MOST RENOWNED SUBJECT TO OUR THOUSANDS OF FRIENDS AND PATRONS. AND WE NOT ONLY RECOMMEND BUT GUARANTEE IT.

(Signed) S. W. E. CANDY.
